

Sharing Australia's Savanna Fire Management Successes

Hosted by the Government of Australia

1100 — 1130 | Wednesday 15 November
Indigenous Peoples' Pavilion | Bonn Zone

This event will highlight successful savanna fire management projects under the Australian Government's Emissions Reduction Fund and discuss how this method can contribute to emission reductions, improved land management practices and rural employment in Africa.

Key speakers

- The Hon Josh Frydenberg MP, Minister for the Environment and Energy, Government of Australia
- Representative from the Government of Botswana
- Nolan Hunter, CEO, Kimberley Land Council

Australian Government
